Materials

Choose the right material for your needs

Self Adhesive

A flexible gloss PVC with a permanent adhesive backing.

For a strong bond apply to a smooth and clean interior or exterior surface. This material is best used indoors.

Rigid Plastic

1mm thick rigid PVC for interior or exterior use.

Can be drilled and fixed to a wide range of surfaces.

Photoluminescent

Glow in the dark signs ideal for fire exit signs and fire equipment signs.

Complies with PDSA class A requirements for safety signs.

Fluted Board

Cost effective signs made from light weight 3mm thick PVC, ideal for short term use

Composite Board

3mm resin core with a white aluminium face this is strong and rigid ideal for external or internal use.

3mm Foam PVC

Mainly used for double sided signs, durable and lightweight, but can be used for internal or external work

Zintec

1mm thick Steel sheet which is zinc coated ideal for external temporary signage.

Traffic Signs

Class 1 reflective mounted on 3mm aluminium plate.

Ideal for permanent signs controlling traffic on industrial estates.

Fire Signs

Fire Equipment signs are to state where the fire equipment is located. All our fire equipment safety signs are designed to comply with the UK EC legislation.

All signs on this page are available in a self adhesive vinyl or a 1mm Rigid Plastic.

All sizes are shown with width first.

If you require a custom made sign please see page 39.

Dog fouling signs

If a dog defecates at any time on designated land, the person in charge of the dog must remove the faeces from the land.

The maximum penalty at present is £1000. However local authorities may choose a lower penalty.

These signs are available in self adhesive, 3mm Dibond plate only and 3mm Dibond complete with sign fix channel for post mounting.
